

小鼠抗 NUB1 单克隆抗体

中文名称: 小鼠抗 NUB1 单克隆抗体

英文名称: Anti-NUB1 mouse monoclonal antibody

别名: BS4; NUB1L; NYREN18

抗原: NUB1

储存: 冷冻 (-20℃) 避光

宿主: Mouse

反应种属: Human, Dog, Rat, Monkey

相关类别: 一抗

标记物: Unconjugate

克隆类型: mouse monoclonal

技术规格

Background:	NUB1 interacts with and negatively regulates NEDD8 (MIM 603171), a ubiquitin-like protein that covalently conjugates to cullin (see MIM 603134) family members.[supplied by OMIM].
Applications:	WB, IHC, IF, FC
Name of antibody:	NUB1
Immunogen:	Fusion protein of human NUB1
Full name:	negative regulator of ubiquitin-like proteins 1 (NUB1), transcript variant 2
Synonyms:	BS4; NUB1L; NYREN18
SwissProt:	Q9Y5A7
IHC positive control:	adenocarcinoma of human ovary tissue and carcinoma of human pancreas tissue; carcinoma of human thyroid tissue

IHC Recommend dilution:	30-150
WB Predicted band size:	71 kDa
WB Positive control:	HepG2, Hela, COS7, MDCK, PC12 cell lysates
WB Recommended dilution:	500-2000
